

CS-GL-3 Black

FEATURES:

- Compact size desktop PC case for ATX and Micro ATX main boards
- Perfect for standard PS/2 power supplies
- Perfect system cooling with up to 5 integrable fans (optional)
- Special HiFi design black aluminium front panel and silver metal rubber stands
- All in all up to 4 drive bays for variable system configurations
- 2x USB 2.0, 2x Audio and one Firewire (IEEE1394) connector in front
- Easy installation due well thought-out case design
- CD-ROM front doors with eject button (variable button pressure point)
- Blue illuminated power button

The compact and nice designed black GL-3 case fits perfectly in your shelf next to your audio and video system. Totally 4 drive bays provide enough space to install all your devices like hard disks, DVD-player and burner. Perfect cooling solution with up to 5 optional fans can cool down all of the components. Easy removable cover and a lot of space inside the case ensure simple installation of all components. The elegant aluminium front design with two covers hides a 3.5" bay, 2x USB 2.0, 2x audio and a Firewire connector. HiFi style silver metal covered feet can be fixed at any location, so you can easily stack this case on your audio or video devices.
