

SPECIAL FEATURES

- Compact gaming keyboard in trendy design with blue backlight
- Reliable LED technology for an effective illumination of the lettering
- 20 keys with Anti-Ghosting function for simultaneous actions - they allow to hold down more than 4 keys and add some realism to the game
- Extremely silent and soft stroke due to high-quality "Soft-Touch" membrane technology
- Tilt feet on back side to adjust the tilt angle for an ergonomic positioning
- Appealing blue LED indicators for Caps-, Num- and Scroll-Lock
- "Light On/ Off" key for backlight
- Plug & Play installation; no driver necessary for normal usage
- All keys can be programmed freely through a driver (single keys & key sequences (Macros))
- Available in various country layouts
- Appealing retail packaging
- Ideal for gamers, LAN parties, DJs, presentation rooms as well as all poorly lit places
